Hours spent on Feast Year 115.50 hours

This Feast Year can be washed in the dishwasher
but do not use a lemon soap. There are a total of
five sets, one set has been retained by the Canton in case
anything should happen to one of the four sets that the
Barony of Northwoods is being given. Penney and Eloise
have charge of this set and if need arises, please let us
know. Also there are templates of the designs that I
will get to you, so in the future if more pieces are needed
they can be made to match the original five sets. We
hope you enjoy this Feast Year, we all enjoyed contributing
to it's development, and look forward to seeing it on a
feast table.
